Financial Policy

We are committed to providing you with the best possible care and are pleased to discuss our professional fees with you at any time. Your clear understanding of our financial policy is important to our professional relationship. If you have any questions, please call our office at (949) 678-8885 prior to your appointment.

Insurance

Your health insurance is an agreement between you and your insurance company. As a courtesy, we will bill your insurance company and assist you by providing them with any information needed to process the claim.

We are "In Network" with most traditional PPO plans, but we suggest that you verify our participation in your specific network before making your appointment. Patients must understand their own network's plan benefits and plan limitations. There are many plans. It is not possible for us to know the specific details of each patient's coverage. Making a copy of your insurance card does not confirm that we are part of your network. We always do our best, but failure of our office staff to identify out-of-network plans does not waive your responsibility for payment of services rendered. All charges are ultimately your responsibility, whether your insurance pays or not. Not all services are covered under all plans, regardless of whether our doctors consider the care medically necessary.

Patients are responsible for ensuring that our insurance records and other information (i.e. current address, phone number) are up to date. If your insurance changes, you must notify us immediately. Please bring your insurance card to every visit. Patients will have full responsibility for charges if we cannot process a claim due to incomplete, inaccurate or obsolete information. Delays caused by the patient can result in the claim being uncollectible from their insurance company, resulting in the patient having full responsibility for all charges.

Co-pays are always to be paid at the time of service. Bills are due upon receipt. We are required to collect co-pays, deductibles and co-insurance deductibles. Payments for outstanding patient balances are due within 30 days of the statement date. If it is necessary to assign your account to a collection agency and/or an attorney, you will be responsible for all collection agency fees, attorney fees, legal fees and court costs. Returned checks will be assessed a $25.00 fee.

As a courtesy, our office will make every effort to remind you of your appointments. It is ultimately the patient's responsibility to make sure they attend their appointment. Out of courtesy to other patients that need appointments, please notify our office if you need to cancel at least 24 hours prior to your appointment. Failure to notify our office for a missed appointment will result in a $50.00 charge.

Office Fees

Extra forms and prior authorizations require time by our staff and physicians to complete and the items will be assessed a charge due prior to completion. The fee schedule for these services is posted in our waiting room.

It is understood that the undersigned, whether signing as an agent or as a patient, is financially responsible for services and accepts the terms described.
